THE HOME PAPER

SAY!

(By CHARLES J. ARNOLD)

Its a cinch you cannot have a Shepherdess picture without sheep. The HERALD, the other day, in mentioning the signal honor given Hillary G. Bailey, Greencastle photographer on the excellency of his photograph "The Shepherdess," did not identify the sheep. This certainly got us in "Dutch", with a certain Greencastle business man and farmer, who, in his farming activities, specializes in the raising of pure bred wool producers. As I said above, if you have a "Shepherdess" picture you must have sheep and to win recognition with the picture you must have good sheep. In fact as I see it, sheep are the most important thing in the picture. That is why this farmer gave me quite a good named "Panning" yesterday. Miss Mary Torr, who posed with the sheep in the honor winning photo, and Mr. Bailey the photographer, each got honorable mention but the sheep were entirely overlooked. So at this late date I am taking opportunity to give honorable mention to the sheep and to their owner, C. C. Hurst. And no kidding, they are REAL SHEEP, these C. C. Hurst kind.

Tell us not in mournful numbers
G. H. S. got beat again
Play the ball hard; shoot it true boys
Win from Rushville; Beat 'em men!

Traffic Rule—Never let anyone
pass you on the road. They might
sidewipe you as they go by.

Today's Fairy Story:—Once there
was a little college girl who wore her
skirts down below her ankles.

The Weather—Ain't nature grand!

Hi! Ho! Hum! Not a child mur-
dered in several days. What is this
world coming to?

Now we see that Alva Rucker,
also a former DePauw man has enter-
ed the Republican race against
Charles Jewett, for Governor. Let's
get a Wabash man in the race and
make it a hot one.

The Open Season on candidates is
near at hand. The primary election
comes this spring.

I often wonder what in the world
we did with all our spare time before
Motion Pictures came in vogue.

This man, Charles E. Evans, vice-
president of the Home Insurance Co.,
of Little Rock, Ark., who stopped off
here Wednesday, enroute from Indi-
anapolis to his home down in the
sticks sure made a hit at Rotary
club, by his clever story telling. Mr.
Evans started off by putting his hear-
ing into convulsions of laughter and
then kept them in that condition dur-
ing the remainder of his brief talk.
Southern negro stories are his long
suit and he sure knows how to handle
them.

ONE OF WHOM I AM WHICH?
Men are all alike in some things
according to one woman. Among
other things, she says: Every man
when he knows he is wrong, assumes
an air of great dignity. Every man
will discuss himself with every woman
that will listen to him. Every man
clings with tenacity to the easi-
est chair. Every man pretends in-
difference to clothes. Every man
likes being polite to his wife. Every
man is satisfied with his weight and
himself. Every man considers him-
self logical. Every man is sentimental.
Every man is a spoiled child.
Some of these charges do not apply to
every woman.

One of the basic things about ad-
vertising which makes it effective is
repetition.

It would be difficult to estimate
the good will value of such names as
Royal Baking Powder, Campbell
soups and a host of other advertised
products. Repetition has helped to
make these names worth millions.

You cannot educate a child in one
lesson. Repeated lessons are requir-

You cannot educate the public
through one advertisement. Repeat-
ed advertising is required.

You cannot drive a nail far with
one blow. Repeated blows are nec-
essary.

Think how long the churches have
been in existence. Yet the church
bells ring every Sunday morning.

Almost everything in life hinges
around the word "repetition." You
can put over almost any idea by re-
peating it often enough.

NEW JUDGE TAKES UP HICKMAN CASE

SENTENCED, STABS SELF

HAMMOND, Ind., Jan. 25.—Sentenced to 180 days at the State penal farm on the charge of illtreating his wife, Stanley Sopzichi, 50 years old, stabbed himself thirteen times with a penknife in the city jail today and is expected to die. He was taken to St. Margaret's Hospital.

FIND SCHOOLS IN SPLENDID CONDITION

JOHN T. HUSSEY WILL RECOMMEND CONTINUOUS COMMISSIONS FOR FILLMORE, BAINBRIDGE, RUSSELLVILLE AND ROACHDALE—CLINTON CENTER IN LINE

Continuous commissions for high schools at Roachdale, Fillmore, Russellville and Bainbridge will be recommended by John Hussey, state high school inspector, to the State Board of Education, following an inspection of the schools with Superintendent John C. Vermillion, Wednesday.

Clinton Center high school will be in line for a continuous commission next year provided it makes certain permanent improvements of the building and surrounding grounds, indicating the permanency of the school.

Of the first four mentioned, Fillmore is a new school to be recommended for the continuous commission. The others were given continuous commissions heretofore. Continuous commissions are granted schools which fulfill certain requirements of the State Board of Education which indicate the permanency of the school and administration head.

Remaining high schools in Putnam County will be inspected by Mr. Hussey and the County Superintendent today. Mr. Hussey stated Thursday morning that he found Putnam County high schools in fine condition and he was complimentary of local school officials in their school administration.

AUTO DRIVERS WARNED TO GET PLATES

AUTOMOBILES WILL BE STORED AFTER NEXT WEDNESDAY UNTIL FOLLOWING MONDAY—ARRESTS AFTER FEBRUARY 6

Have you purchased your 1928 auto mobile license plates?

State Motor vehicle officers warn that January 31 is the last day on which you can operate an automobile with 1927 plates.

According to State Officer William McMillan, automobiles without new plates next Wednesday, February 1, will be impounded by officers and kept until the following Monday, February 6. Owners will be warned during this period as the law requires new plates by February 1. Officers believe that a car owner who cannot drive his car will soon purchase plates. This method is expected to prove more effective than the usual fine.

On Monday, February 6, car owners without new plates will be arrested and in addition to a fine must purchase plates before their car will be released by police.

State police will ask the co-operation of city and county officers in enforcing the automobile license law.

TERRE HAUTE SLAYER GIVEN LIFE SENTENCE

TERRE HAUTE, Ind., Jan. 25.—Edward (Pat) Hagerman was sentenced today to serve a life term in Indiana state prison by Judge John Jeffries of Vigo Circuit court after the court had overruled a motion for a new trial. Hagerman shot and killed his brother-in-law, Frank Wilkie, in front of the Hagerman home Sept. 27, 1927. It was pleaded that he shot fearing harm at the hands of Wilkie and his brother, but the jury found him guilty of murder in the second degree.

BUSINESS BULLETIN IS ISSUED

CHAMBER OF COMMERCE REPORT COMPARES CONDITIONS OF 1927 WITH 1926 IN THIS COUNTY

NEW BUILDINGS COST \$892,500

Report Indicates Necessity Of Appropriation For Testing Of Cattle For Tuberculosis

The following Greencastle Chamber of Commerce Business Bulletin has been issued showing conditions for 1927 in comparison with 1926:

Business conditions in Greencastle compare favorably with other localities. In fifty percent of the Retail Stores the sales for 1927 show an increase over 1926. In the other stores the sales average the same as in 1926, or show a slight decrease due not to local conditions but the general conditions which effect their particular line of business.

Clinton Center high school will be in line for a continuous commission next year provided it makes certain permanent improvements of the building and surrounding grounds, indicating the permanency of the school.

KILLED AFTER VISITING WIFE AT HOSPITAL

INDIANAPOLIS, Jan. 26.—A few minutes after he had left the City Hospital Wednesday night, where he had visited his wife, Bessie, to whom a son had been born, LeRoy Arnold, 28, was struck and fatally injured by a hit-and-run motorist in the 2900 block in Massachusetts avenue, and died in the admitting room at the hospital.

Arnold, with a friend, George Tuttle, had spent a short time with Mrs. Arnold at the hospital and was returning home when their automobile ran out of gasoline. They took a can from the car and started to walk to a filling station when a large touring car, traveling at a high rate of speed, struck both men, knocking Arnold a distance of 150 feet into the gutter.

Arnold received a fractured skull and internal injuries. Tuttle was knocked down, but his injuries are not believed to be serious. Both were taken to the hospital, where Arnold died in the admitting room. The car did not stop.

Mrs. Arnold has not been told of the fatal accident to her husband.

TRANS-ATLANTIC FLIER SENTENCED TO JAIL

NAUGATUCK, Conn., Jan. 26.—(INS)—Bert Acosta, trans-Atlantic flier today was sentenced to spend five days in New Haven County Jail because he flew through the borough here yesterday afternoon at a height of less than 2,000 feet, which is the limit set by a state law. Whether Acosta really will go to jail will not be settled until later. Judge Frank A. Sears, who passed sentence, took the matter under advisement.

Acosta pleaded guilty to violating the state law by his swoop upon the village.

FRENCH FLYERS ARE ENROUTE TO WASHINGTON

COLON, Canal Zone, Jan. 26.—(INS)—The French trans-Atlantic fliers Diudonne Costes and Joseph Lebriz hopped off at France Field at 6:46 o'clock this morning for Guatemala City. They expect to remain at Guatemala City until Saturday when they will hop off for Mexico City, enroute for Washington.

EARL CARROL WIFE SEPARATE, REPORT

NEW YORK, Jan. 25.—The Daily News in a copyright story today says Earl Carroll and his French wife, Marcelle, "have definitely called it quits." The theatrical producer, who recently returned from Atlanta (Ga.) penitentiary where he served a sentence for prejury in telling a grand jury about his bath tub party, will remain in New York while his wife returns to her native country, the story said.

DUAL DEBATE TONIGHT AT HIGH SCHOOL

CRAWFORDSVILLE AND GREENCASTLE TEAMS TO ARGUE—PUBLIC INVITED—NO ADMISSION CHARGE

The public is cordially invited to a dual debate between the Greencastle and Crawfordsville high school debate teams in the high school auditorium this evening at 7:30 o'clock. There is no admission charge, according to Prof. R. C. Tomlinson, local debate coach.

The debate here will be between the local high school negative team and the Crawfordsville affirmative squad. The local affirmative team will go to Crawfordsville to meet the latter negative debaters.

The question for debate will be, Resolved: "That The United States Should Grant The Philippines Their Immediate Independence."

Principal F. L. Busenbarg will be chairman of the local debate and Harold Ross, head of the Public Speaking Department of DePauw, will be the expert judge.

COACH DAVIES WILL SUBMIT RESIGNATION

OFFERED POSITION WITH WEST WASHINGTON STREET HIGH SCHOOL IN INDIANAPOLIS

WILL BE A BIG PROMOTION

Has Been Highly Successful Since Coming Here Five Years Ago

Cleon O. Davies, for the past five years teacher of history and economics in the Greencastle high school and highly successful as a junior basketball coach, will submit his resignation to the city school board within the next thirty days in order to accept a position with the west Washington Street high school in Indianapolis, it became known here today.

Mr. Davies came to Greencastle directly from Earlham College and has been highly successful and popular, both as a teacher and as junior basketball and track coach. The new offer is considered a promotion over his present position and will probably give him an opportunity to continue in the same branches of school work.

Mr. Davies stated Thursday that he had not as yet submitted his resignation to the School Board but had talked the offer over with Superintendent W. J. Yount who indicated he was not opposed to Mr. Davies' accepting the new position provided it was a promotion. Mr. Davies said that acceptance of the offer was practically certain.

Mr. Davies' home is at Marshall, near Rockville. Since coming to the local school he has been highly successful in teaching pupils of the departmental school the fundamentals of basketball. He also has developed some splendid track teams despite a lack of facilities for this sport. West Washington high school is a new Indianapolis educational institution and several other Greencastle teachers are now instructors there.

LACK OF FUNDS MAY CLOSE THE CITY LIBRARY

TRUSTEE PAUL ALBIN SAYS APPROPRIATION OF \$2,300 WILL BE EXHAUSTED SOON—NO METHOD OF RAISING MORE MONEY

Unless the City School Board can devise a means of raising or borrowing more money, the City Library, which will soon exhaust its appropriation for current expenses, may have to be closed, according to Paul Albin, township trustee and secretary of the Board.

Mr. Albin stated that an appropriation of about \$2,300 was raised for the Library Fund under the present levy but that the library budget for the past six months called for an expenditure of \$2,165.

Under the law only 33 1-3 percent of the total amount appropriated for the current year, can be borrowed. This would only give the Board approximately \$700 additional which is not enough to meet expenses.

Expenses of the Library have doubled, it was said, due to its more general use, new books, and other equipment. The matter was discussed at some length at the School Board session Monday night but as the Board hoped to find a solution to their problem it was requested that no mention be made of the deficiency of funds. Attorneys for the Board are attempting to find a legal way to raise funds for the Library.

STOP LIGHT HIDDEN BY ROSY GLASSES

NEW YORK, Jan. 25.—Love is so blind it can't see traffic lights. This was Lucille Prayor's explanation for failure to stop her automobile. "The most wonderful man in the world had just asked me to marry him, and I was in a cloud of dreams," Lucille was fined \$3. She was once in the "Follies."

HOOVER NAMES BETTER HOMES CHAIRMAN HERE

MISS LILLIAN BROWNFIELD NAMES ASSISTANTS IN GREENCASTLE FOR MOVEMENT—SERMONS IN LOCAL PULPITS WILL MARK OPENING OF WEEK—HOME TO BE BUILT

Lillian Brownfield was recently appointed by Herbert Hoover, Secretary of Commerce, to act as local head of the Better Homes Campaign in Greencastle; this campaign, a national movement, is headed by President Coolidge with Hoover acting as National Secretary.

The purpose is to improve the homes of America, not only in appearance, architecture, decoration, and such, but in spirit, too. To this end there is an attempt to interest people in various organizations so as to reach almost every person in the community.

Dr. Brownfield has appointed to assist her in this work Mr. Victor Rapel, Presbyterian minister, representing the ministerial association; Mrs. Frank Donner, of the women's clubs; Mrs. Guy Black, of the Parent-Teacher association; W. J. Yount, superintendent of schools; Miss Elizabeth Morrison, home economics department; Henry M. Allen, chamber of commerce; and Miss Carol Shultz, county nurse.

On the opening Sunday of Better Homes week, April 22, there will be sermons in all the churches introducing the purpose of the campaign to the public. During the week the home management cottage located at the intersection of Locust and Anderson streets, will be open for inspection, where a series of lectures stressing the scientific side of the home will be given.

Somewhere in the community there will be a house costing two or three thousand dollars, used as an example of a better architectural structure for persons of moderate means. The recently completed Alpha Omicron Pi house will be demonstrated as the newer type of college home. There will also probably be at least one chapel talk on home building.

The cooperation of the people in the community will be required to secure the proper spirit in the campaign whose ultimate purpose is to make for better citizenship.

A GOOD WAY TO AVOID LICENSE PLATE WORRY

WABASH, Ind., Jan. 25.—Robert Stepp is one person who is not worried about his 1928 automobile license plates. He was found guilty of driving a machine while intoxicated; fined \$100 and costs and sentenced to jail for thirty days, in addition to having his right to drive an automobile for a period of one year evoked.

He told officials he was unable to pay the fine and costs, amounting to more than \$200, so they are going to take him to the penal farm to serve it out.

"You will have about a year to serve down there and I understand they don't furnish automobiles for each inmate, so I guess this driving suspension won't work a great hardship on you," Mayor Wilson said as he passed the sentence.

ROMINE TALKS AT COMMUNITY MEETING

Sanford Romine, of Clinton township, a teacher in the Clinton Center high school, addressed a community meeting at Reelsville, Wednesday evening. Mr. Romine made a talk on athletics in general. Other features of the meeting were special music and a basket supper.

INTELLIGENT JURY SOUGHT FOR HICKMAN

SUPERIOR JUDGE J. J. TRABUCCO SELECTED AS TRIAL JUDGE INSTEAD OF HARDY

PROSECUTION IS IMPATIENT

Defense Will Demand Super-Intelligent Jury To Pass Upon Sanity Of Kidnap-Slayer

By ARTHUR L. MAREK
LOS ANGELES, Cal., Jan. 26.—Mumblings of an impending court fight over the selection of a jury to try William Edward Hickman, for the kidnaping and murder of 12 year old Marion Parker, were heard today as the trial entered its second day.

"I regret exceedingly that we have been forced to wait another day to get this matter before a jury or start in on the trial of this case," declared District Attorney Asa Keyes in voicing his disapproval of the legal tactics delaying the hearing.

Open hostilities between prosecution and defense attorneys, which flared up at the outset of the hearing when Hickman's counsel was successful in disqualifying superior judge Carlos S. Hardy, on charges of bias and prejudice, were further kindled by the defense demand for a "super-intellectual" jury to pass upon the sanity of the kidnaper-slayer.

Whether the appearance on the bench of Superior Judge J. J. Trabucco, veteran Mariposa County jurist who was assigned to preside in Judge Hardy's place, would have a conciliatory influence over the trial was a matter of conjecture among court attaches.

Judge Trabucco, who hails from the cow and mining country of north central California, is known throughout the state for his firm and fair administration of justice during the 25 years that he has served on the superior bench.

Hickman's mother, Mrs. Eva M. Hickman, who came here from Kansas City to attend her son's trial, was reported slightly indisposed today.

Neither she nor Hickman's father, William Thomas Hickman, will be called into the courtroom until their presence is actually required, defense attorneys indicated.

That the Hickman family is without funds to defray their expenses here was revealed by Jerome Walsh, Kansas City attorney and chief counsel for Hickman, who admitted that he and his associates in the trial were paying the costs of the defense.

GREENCASTLE MAN CHARGED WITH BANDITRY

EDWARD JOHNSON CONFESSES THEFT OF CAR AT LIMEDALE TO POLICE AT BRAZIL—TWO OTHERS TAKEN

(Brazil Times)
Edward Johnson, claiming Greencastle as his home, was arrested by the police last night at the National garage when he was found in possession of a Chevrolet touring car belonging to Edward Pell, of Brazil R. 7, which was stolen from the cement plant at Limesdale last Sunday. Johnson confessed to the police that he had stolen the car and claimed that he took it because he wanted to go to Indianapolis and had no other way of getting there. He will be arraigned in city court tonight.

With Johnson at the time were Claude Lyford and Louis Facon, of Indianapolis, and three young women also of Indianapolis. No charges were preferred against the young women and they were allowed to go. Lyford was slated on a charge of illegal possession of intoxicating liquors when a half pint of white mule was found in his pocket. Facon is being held for investigation in connection with the case.

JACKSON LISTS ADVANTAGES
OF STATE OF INDIANA

INDIANAPOLIS, Ind., Jan. 23.—Indiana's historic, scenic, industrial, educational and agricultural prominence was radioed to the United States Saturday night by Governor Ed. Jackson, broadcasting from Station WMAQ (447.5 Meters), Chicago.

Governor Jackson is one of forty-eight governors who through courtesy of the Chicago Daily News, will tell of the advantages of their state, some thing of its early history and just why their individual state may appeal to the people of their commonwealths.

The photologue feature calls for publishing a rotogravure page of pictures of the state in question the afternoon preceding a talk by the governor at 8 p. m. So far governors of thirty states have advertised their commonwealths to the radio audience of America, conservatively estimated at thirty million people. Talks are entertaining and educational and go far to make one part of the nation acquainted with the others. The Chicago newspaper plans at the conclusion of the series to issue the illustrated pages and speeches in book form.

In discussing on Indiana, Governor Jackson traced the early history of the state from its admittance in 1816 as the 19th unit in the sisterhood of states; spoke of early explorations of the intrepid LaSalle in 1670 and told of the first permanent white settlement established at Vincennes in 1719. Indiana was under French control until 1760 and English control from then until 1776. The state's area is 34,354 square miles of which 309 miles is water. The greatest length is 276 miles and width 177 miles. Indiana is the 37th state in rank as regards area. Indiana Territory was organized in 1800; the first capital located at Vincennes from 1800 to 1816; at Corydon from 1816 to 1825 and moved to Indianapolis the latter part of that year. The present statehouse was started October 10, 1878, and completed October 1, 1888. It is said to be the only public building in the country built within the original cost estimate.

Distribution of early settlers was determined by the Ohio river and by lands first offered to purchase by settlers after acquired from the Indians. The river in those days was the highway of the wilderness. Indiana's first towns were Vincennes settled in 1732; Clarksville, 1784; Lawrenceburg, 1802; Corydon, 1808; Madison, 1810; New Albany, 1813; rising Sun, 1814; Indianapolis, 1816.

The state began business on a small scale compared to today for the people were very poor and the population of the whole commonwealth was less than a fourth of Indianapolis now. Financial conditions of the period can be better understood when we read that in Governor Jennings' message to the legislature in 1820 he states that the tax collected during the first four years averaged only \$13,000 a year which was \$4,000 less than the new government's expenditures.

"The wealth and progress of Indiana have been contributed to greatly by the development of the state's natural resources. Soil, coal, forests, clay, stone, natural gas, oil, etc., are nature's raw materials which have been put to intensive use.

"From a strictly primeval forest area at the beginning Indiana has progressed to a position of prominence in the agricultural and industrial life of the nation. Today with a population slightly over 3,000,000 people, the state is first in the manufacture of bottles and fruit jars; first in tomato growing; first in the possession of more miles of railroads for its area; first in possession of the largest inland railway center of the world; first in the production of lime stone for building purposes; first in the manufacture of iron and steel from crude ore; first in quality, not quantity of corn produced and third in quantity corn production. We are one of three states with no state indebtedness and the only industrial state with that distinction."

Governor Jackson paid high tribute to two state departments which he characterized as being closest to the people and which have gone far to underwrite the prosperity of our state and to further judicious use of natural resources. These he said were the conservation and highway departments. The former deals with the conservation and utilization and perpetuation, in so far as possible of natural resources—basis of present and continued prosperity—the other provides a transportation system to meet the needs of an automotive age.

PERRY RUSH TO BE SOLOIST
IN CAPITAL CITY

Perry M. Rush has accepted a position as tenor soloist at the Tabernacle Presbyterian Church in Indianapolis. The church is located at thirty-four and Central avenue. It is one of the leading churches and music is furnished by a quartette and

forty mixed voices. Fred Newell Morris is the director and bass soloist. Mr. Morris will be remembered in Greencastle as he sang the bass solo parts of the Messiah here this year. Mr. Rush sang in Terre Haute two years and sang at The First Christian Church here for six months. His new position is quite an advancement for him. Mr. Rush is employed at The First National Bank and will continue to be there as his work in Indianapolis will be on Sundays. He will sing at both the morning and evening services.

PRESENT RATE OF PROGRESS
WILL MAKE NEW CITY IN 5 YRS.

(By JUNE LANDIS)

If Greencastle continues to improve as it has in the past five years, it will be entirely a new city. Upon investigation, the following data has been secured concerning improvements along lines of buildings and improved streets.

Buildings which have been erected or remodelled during the last five years may be estimated at a cost of about \$400,000. Some of the more conspicuous of such buildings are: The Masonic Temple at the corner of Washington and Vine streets; the Alamo building on Vine and Poplar streets; the apartment house built by Mr. Miller on south Vine street; the new High School gymnasium on east Walnut street; Luettekes building at College avenue and Hanna street; Harry Moran's new building on north Jackson street; the two confectioneries owned by J. E. Cash, at the corners of Locust and Chestnut streets and Walnut street and Sprin avenue; two filling stations on north Jackson street, the Greencastle Filling Station and Nichols'; besides these are three High Point Oil Stations located at the ends of Hanna street, east Washington street, and on the corner of Washington and Jackson streets.

Remodelling has also been done, and different business firms of different kinds have changed their places of business. On north Jackson street the old livery barn has now become the Motor Inn; Tribby's garage now occupies the place at Vine and Franklin streets where the Eitel Floral Company was formerly. Cook's old Opera House on north Jackson which is now the Granada Theater, has been refinished; the Hut, also on Jackson street, which was once occupied by Call's Cafeteria, now, due to Mr. Pavlos, has added to the appearance of the west side of the square, along with the new theater there. On east Washington street, the building which houses the Greencastle Savings and Loan Company and Schoenman's Jewelry store, has new store front. Call's Cafeteria occupies the reconstructed old home of "The Banner."

Besides these, the World War monument on the square may be considered as an addition although it is in a class by itself. Numerous new homes have been built, and others refinished, both in the city proper and in Northwood. Old unsightly buildings have been replaced by new ones. At present, a clearing is being made for the new Methodist Church on Locust street.

The paving of streets and the laying of new sidewalks have also been going on. In order of the completed work, and the contract price, a list of street improvements follows:

Ridge avenue, pavement, at \$6,385. West Walnut St., same.

Beveridge Street, sidewalk at \$4,786.28.

North Indiana street, same at \$8,176.20.

Sycamore street, same at \$1,446.

Spring avenue, sidewalks at \$4,956.

Greenwood avenue, pavement at \$10,494.

Berry street, sidewalk, \$5,127.89.

Chestnut street, same at \$4,406.80.

Vine street, same at \$2,321.41.

Ohio street, same at \$3,093.50.

Locust street, pavement at \$34,811.18.

Howard street, sidewalk at \$5,144.70.

Jackson street, pavement at \$15,397.35 and Indiana street is now under construction.

The University has also been busy constructing and reconstructing its buildings. Since five years ago, the Greek letter organizations, Kappa Kappa Gamma, Delta Kappa Epsilon, Alpha Chi Omega, Phi Gamma Delta, Phi Delta Theta, Sigma Nu, Delta Delta Delta, Kappa Phi Sigma, and Alpha Omicron Pi, have completed their new homes. Lambda Chi Alpha, Alpha Tau Omega and Delta Tau Delta have homes nearing completion. Longdon Hall has been built; Music school has been moved and remodelled, and an annex added; and Lucy Rowland Hall is being finished.

L. H. FINNEY ASSUMES
OTHER PHONE CONTROL

The Wabash Valley Telephone Co., managed by Lawrence H. Finney has added two more telephone systems to their list of phone holdings, Pine Village and Otterbein. Both deals have been closed and Mr. Finney is now in active charge of both plants. They recently added the Boswell exchange to their list. A total of nine exchange

es are now controlled by the company. Mr. Finney has proven himself to be a very capable telephone man and if he does for the others what he has done for the local plant there will be no cause for complaint in either management or service.—Attica Ledger-Tribune.

Mr. Finney formerly resided in Greencastle where he was connected with the Greencastle Telephone Company.

MRS. SARAH SHERRILL
DIES AT LEWISVILLE, IND.

Mrs. Sarah Sherrill, formerly of Stilesville, died Monday afternoon at 2 o'clock at Lewisville, Ind. She was 90 years old and spent her life in the vicinity of Stilesville. Her husband, David Sherrill, died at Stilesville about twelve years ago.

She leaves a brother and sister, H. H. Parker of Coatesville, and Mrs. Martha Dorsett of Eminence.

The funeral will be held Wednesday morning at 11 o'clock at the Mill Creek Church. Rev. W. E. Gill will have charge of the services. Burial will be at Stilesville.

DEPAUW ORCHESTRA
RECORDS SCIENCE RECORD

Claire Hull and His Wanderers, a well known campus dance orchestra of DePauw University made a recording test at the laboratory of the Starr Piano Company at Richmond, while playing a dance engagement at the Forest Hills Country Club there during the holiday season. Their recording of "Nobody's Sweetheart" proved so highly successful, it soon will be released on a Gennett Record. The date of the release will be announced within the next few days.

Although only organized last fall Claire Hull and His Wanderers have played some very successful engagements throughout the state as well as campus jobs at Indiana, Illinois and DePauw Universities.

The personnel of the orchestra is as follows: Piano, Harry Bailey, Indianapolis; Alto Sax, Bill Hadley, Danville, Ind.; Tenor Sax, Harold Keating, Cincinnati, Ohio; Trumpet, Claire Hull, LaPorte, Ind.; Banjo, Floyd Call, Roachdale, Ind.; String Bass, Jack Drummond, Indianapolis; Drums and Manager, Johnnie Spears, Brazil, Ind.

FRUIT GROWERS INVITED
TO SPENCER MEETING

A one-day fruit disease and insect school for fruit growers of Owen and surrounding counties will be held at the Spencer Court House beginning at 9:30 o'clock Friday, February 3. Dr. C. S. Gregory and Monroe McCown will be the speakers. Putnam County fruit growers are urged to attend the meeting, according to County Agent R. H. Stevenson.

INAUGURATION OF
PITTINGER TO BE FEB. 2

MUNCIE, Ind., Jan. 25.—Plans are being completed for the installation of Lemuel Arthur Pittenger as president of the Indiana State Normal School, eastern division, and for the dedication of the two new buildings Library and Assembly Hall and Lucina Hall, which will take place Feb. 2 in Assembly Hall. Another feature of the day will be a symposium on the subject "The Professionalization of Subject-Matter" which will be held in the afternoon.

Library and Assembly Hall, which was built by the state, is of English Gothic architecture and contains, besides ample stack space, reading rooms and recitation rooms.

Lucina Hall, the girls' dormitory, is a gift of the Ball brothers the institutions generous donors. The building is named in honor of their sister, Lucina Ball, who died about a year and a half ago while she was traveling in Egypt. This building, also is of English Gothic architecture and forms an attractive unit of the growing quadrangle.

The inaugural ceremonies will be held in the forenoon at 9:30 in Assembly Hall with Sanford M. Keltner, president of the board of trustees, presiding.

Presidents of colleges and prominent schoolmen of the state as well as those from other states will attend. The out of town guests will include William Lowe Bryan, president of Indiana University, Edward C. Elliott, president of Purdue University; Linnacus N. Hines, president of the Indiana State Normal School at Terre Haute; Louis Hopkins, president of Wabash College; Lemuel H. Murlin, president of DePauw University; David M. Edwards, president of Earlham College; Jonathan Rigdon, president of Danville Normal; Homer Rainey, president of Franklin College; William P. Deering, president of Franklin College; William P. Dearing, president of Oakland City College; Helen Benbridge of Terre Haute, secretary of the board of trustees; Charles F. Miller, superintendent of Indianapolis public schools; Roy P. Wisheart, state superintendent of public instruction; W. W.

Borden of South Bend, president of the state association of city superintendents K. L. Hemmer of Evansville, president of the state association of county superintendents; Otto Jensen of Arcadia, president of the state association of trustees; and L. C. Ward, superintendent of the Fort Wayne public schools.

ONE PERSON WILL NOW
DIRECT CHARITY WORK

A meeting of the Board of Charities and other charitable organizations, was held with township trustee Paul Albin at his office Tuesday afternoon. It was decided to take care of all charitable cases through one person. This will prevent duplication of help. Mrs. John Allee is secretary and will investigate all cases reported. A committee consisting of Mrs. C. C. Hurst, Mrs. Ernest Stoner and Mrs. R. G. McCutchan was appointed to go before the county commissioners, the city council and the mayor and ask that jobs be given to the needy instead of furnishing food and fuel and clothing.

JACKSON STREET WILL BE
PAVED NEXT SPRING

A majority ordinance for the pavement of south Jackson street between Walnut street and Hanna street was adopted by unanimous vote by city council members in regular session, Tuesday night, Feb. 14 was the date fixed for receiving bids on the work which it is estimated will cost \$18,183 for a concrete pavement.

Action of the council in passing the majority ordinance Tuesday night was similar to its procedure in the matter of paving north Jackson street and Locust street. The council by a two-third majority vote can order the improvement despite a majority remonstrance of resident property owners on the street. A majority remonstrance against the south Jackson street improvement is on file but similar remonstrances failed to block the improvements of both north Jackson street and Locust street.

A motion to adopt the majority remonstrance for the improvement of south Jackson street was made by Councilman W. P. Sackett who said he realized the pavement would be a burden on a number of property owners but that he believed the benefits to be derived would equal the costs. His motion was seconded and unanimously approved by the other four councilmen present.

An ordinance authorizing the purchase of the tea-acre Allen tract just north of the old Big Four right-of-way north of the Stoner golf links was also passed by the councilmen. The ordinance provides for an expenditure of \$1,000 by the council payable to Paul T. Allen and Lawrence L. Allen. Purchase of the tract was for the primary purpose of locating a septic tank on the tract but it will probably be used for other purposes later on. Funds for the purchase of the tract will come out of a special park fund created several years ago.

A motion of Councilman W. P. Sackett that an ordinance be drawn compelling taxicab operators in the city to carry liability insurance of \$5,000 and \$10,000 and that a present ordinance compelling higher rates be repealed, was killed when two of the councilmen voted against his motion. A vote showed Councilmen Sackett, Brown and Harris in favor of reducing the insurance while Councilmen James and Haymaker voted against the proposed new ordinance.

Councilman Sackett has been active in an effort to have insurance rates for taxicabs in this city reduced on grounds that the present rates are excessive and a hardship on taxicab operators.

Passage of a claim ordinance and discussion of other minor matters occupied the attention of the council members at the meeting Tuesday night.

DR. MURLIN HINTS ANOTHER
REASON FOR RESIGNING

Following the circulation of a report, after the meeting of the Board of Trustees of DePauw university which took place in Indianapolis, Friday, January 20, to the effect that President Lemuel Herbert Murlin's retirement in June is due to ill-health, Mr. Murlin stated this was entirely erroneous. The rumor probably arose, he said, from the fact of his severe illness soon after coming to Greencastle, from which illness he is now completely recovered. He is now in excellent health, better than at any time during the past decade. During the past two years he has not failed of a duty, or missed an engagement because of illness.

President Murlin also stated after the meeting that contrary to reports he is not sponsoring or recommending any one as his successor. If the committee asks his judgment in regard to any name suggested he will give his unbiased estimate of the man's fitness for the position, he said, but he is not recommending his successor.

Mr. Murlin said he would announce his reason for retirement before severing connections with DePauw university.

After traveling in the Holy Land next year, Dr. and Mrs. Murlin plan to reside in Boston.

The President's resignation will mark the completion of thirty-four years service as college president. He headed Baker University seventeen years and Boston University almost fourteen years before coming to DePauw, his Alma Mater.

HUGE SHIPMENT OF
CATALOGUES DISTRIBUTED

A mail order concern paid \$111.60 postage on sixty-two sacks of catalogues sent to the Greencastle Post-office for distribution Wednesday. The sixty-two sacks of mail contained a total of 1,240 catalogues. Each catalogue required 9 cents postage.

The mail order concern evidently is firmly convinced of the power of advertising, as similar shipments are sent to the local postoffice periodically for distribution to prospective customers in this locality.

PARENTS OF MRS.
BAUSMAN DIE IN CRASH

LAFAYETTE, Ind., Jan. 25.—(INS)—Three persons were dead today as result of a grade crossing crash on the Nickel Plate railroad crossing near Dayton, 7 miles south east of here.

The dead were: F. T. WHITE, of Russiaville, JOHN SITES, of Dayton, MRS. JOHN SITES.

All three met their death when the automobile in which they were riding was hit by a west bound freight train.

White was a timber buyer and had been buying timber in the vicinity of Dayton the last few weeks. Sites worked for him as a log hauler. It is thought the three were on their way from Lafayette back to the Sites home on the Arns farm near Dayton.

The crossing is a little more than a mile from the Sites home. The three were riding in White's coupe. White's watch had stopped at 9:15, indicating the time of the accident.

Mr. and Mrs. Sites were the parents of Mrs. W. E. Bausman of Hanna street court. Mr. Bausman is high school athletic director. Mr. and Mrs. Bausman left for Lafayette Tuesday night immediately after learning of the tragedy.

FAMILY OF ROY
CLARK IS INJURED

A mother yet in her thirties may be crippled for life, a father suffered a fractured left arm and other minor injuries, and three of their small children escaped with more or less minor cuts and bruises, when the Ford sedan in which they were riding was demolished by a west bound Pennsylvania railroad freight engine at the State Road 43 crossing in south Greencastle at 10:15 o'clock Tuesday night.

The occupants of the Ford Sedan were Mr. and Mrs. Roy Clark and three little girls, who reside at Apple and Illinois streets. Another child escaped the near tragic accident because it had been left with its grandmother.

Mrs. Clark suffered fractures of the hip on both sides and will be forced to remain in splints for three months. Her body was placed in a plaster cast at the County Hospital Wednesday forenoon. It is probable that she will be crippled for life as an aftermath of the accident.

Mr. Clark suffered a fractured left arm between the elbow and shoulder but was not otherwise injured. One of the little girls suffered the loss of two front teeth and a badly cut and scratched face and upper lip; another suffered painful scalp cuts and the third escaped without injury. All the occupants of the car were drenched under the down spout of a Pennsylvania Railroad water tank which was broken when the demolished automobile was thrown against the tower by the railroad engine.

Mr. and Mrs. Clark and three children were returning home after a visit with relatives on Fox Ridge when the accident occurred. Mr. Clark said he did not see the west bound freight until too late to avoid the crash. Mr. Clark said he thought the night watchman was still on duty and this belief caused him to be careless in approaching the crossing.

The train engine hurled the Ford Sedan thirty feet into the water crane breaking it off. Occupants of the automobile were drenched by the sudden outburst of water. Except for the timely aid of Fred James, James Crawley, William Morgan, Dan Pfiffner and others attracted by the crash, the children might have drowned in the water. The smallest girl, little more than an infant, was not removed from the water for several minutes and almost lost her life under the sudden flood of water.

Ambulances furnished by Charles Rector and J. E. McCurry removed Mr. and Mrs. Clark and the two oldest girls to the County Hospital where they were attended by Dr. W.

M. McGaughey and Dr. A. E. Ayler. The smallest girl was taken to the home of relatives as she was unhurt except for the icy bath.

The entire morning was taken by physicians Wednesday in placing Mrs. Clark in a plaster cast. Both hips are fractured and will require that she be left in the cast for a period of three months or more. Because of the nature of the injury she will probably be crippled for life, according to the attending physicians.

It is believed that Mr. Clark's carelessness in approaching the crossing which he thought was guarded, caused the accident. The freight train was in charge of Engineer Fritz and Conductor Ernest Frazier. The train was an extra west bound freight. The engineer brought the train to a halt in about fifteen car lengths from the crossing, it was said. Mr. Clark is employed at the local cement plant.

The father and the two children were discharged from the hospital this afternoon.

MARRIED ONE MONTH;
NOW WANTS DIVORCE

Married December 10, 1927 and separated January 11, 1928, is the latest matrimonial record of Thomas Turley, Greencastle laborer, who filed suit for divorce in the Putnam circuit court Wednesday against Josephine Turley, on grounds of desertion.

The plaintiff alleges that shortly after their marriage December 10, the defendant became dissatisfied with surroundings and finally left him. He asks for a divorce through his attorney F. S. Hamilton.

The plaintiff in the latest divorce complaint was recently divorced from Ada Turley in the local court but remarried shortly after the divorce.

LUCY ROWLAND HALL TO HAVE MANY FEATURES

Lucy Rowland Hall, the latest addition to the Rector gifts, will be completed about the middle of April at an estimate cost of \$250,000. In this building there will be embodied many unique features not usually found in dormitory construction.

On the first floor there will be two parlors, the social director's room and the matron's room. A large sun parlor on the east will open into Rector Hall, and in addition to this entrance between the two buildings there will be a second entrance connecting the two basements. Another unusual feature will be the parlors to be found on the second and fourth floors. On the fourth floor there is to be constructed a large storage room for trunks with an elevator for bringing up trunks from the first floor entrance.

The dining room is to be in the basement and connected with the Rector Hall dining room through an entrance of the serving room. Two large storage rooms and a recreation room will also be found in the basement.

PASTOR TELLS TORTURE TALE TO AUTHORITIES

REV. F. E. WEBB SAYS ABDUCTORS STRUNG HIM UP IN MEDIEVAL FASHION WHEN HE REFUSED TO MARRY GAGGED GIRL AND MAN HE HAD NEVER SEEN BEFORE

LOS ANGELES, Jan. 25.—(INS)—Authorities today were investigating an amazing story told by Rev. F. E. Webb, pastor of Hoover Street Baptist Church.

Dr. Webb said he was abducted and tortured because he refused to perform a midnight marriage between a beautiful girl, gagged and bound to a chair, and a man he had never seen before. He displayed swollen fingers which resulted, he said, from being swung up in medieval torture fashion.

The minister told district attorneys investigators he lost consciousness during the torture proceeding. When he recovered, he said, he found himself on the curb, a threatening note clenched in his hand.

Dr. Webb came to Los Angeles from Portland, Ore., a year ago. Formerly he held pastorates at Indianapolis and other eastern cities.

TIGER CUBS SNOWED UNDER BY BEDFORD

With both teams on a scoring spree and hitting the hoop from every angle, the Greencastle team lost to Bedford at the City Friday night, 53 to 38. Bedford retained a margin of safety throughout the game.

Bedford's victory was the result of getting more shots at the basket than did Greencastle, it was said. Fans who saw the game said that members of both teams were "hot" on basket shooting.

Miller, Bedford forward, led in the scoring of the evening with eight field goals and two free throws to his credit. Lear was high point man for Greencastle with five field goals and a free throw.

Hughes to serve a term of from 10 to 20 years in the state prison for burglary will appear before the State Board of Pardons, Thursday seeking clemency. Snider was sentenced after having admitted the robbery of the Call home. The Devaney home and the Shoemaker home, west of town and participating in the robbery of the Coal Bluff postoffice.

Jesse Kerr, of Indianapolis, who participated in the robberies, also was given a 10 to 20 year sentence, while Flora Belle Snider, mother of

Dewey Snider, was given a suspended sentence for concealing stolen property. Henry Snider the father and husband aided the officers in securing the evidence on which the men were convicted. Ulysses Snider an uncle of Dewey who was a member of the gang was not apprehended as he had left the county a short time before the officers made the arrests. He was pictured as a professional burglar and leader of the gang by Dewey Snider and Kerr. The Snider family lived in Commercial place.

LOCAL ROTARIANS GO TO SULLIVAN

The following Greencastle Rotarians attended the luncheon of the Sullivan Rotary Club Monday at Sullivan: Harry Allan, Jacob Eitel, Ed. Hamilton, A. G. Brown and Rev. V. L. Raphael.

OBSERVE 10TH ANNIVERSARY OF PASTORATE

One who believes that religion is on the wane or is losing in power should have seen the congregation of nearly three hundred people which greeted Rev. Victor Raphael at the Presbyterian Church on Sunday morning in memory of the tenth anniversary of his pastorate.

Only forty people attended his first preaching service ten years ago. Mr. Raphael prefaced his sermon with some statistics as follows:

At the beginning of the pastorate there were 126 members. 450 members have been received during the decade, 150 of whom were by affiliation. At present there are 352 in the membership including 30 affiliated faculty and students. During this period there have been 46 deaths of members and 76 have been dismissed to other churches. Of the original 126, only 59 members now remain in Greencastle. Forty were present to greet the pastor 10 years ago. The combined attendances Sunday, at all the services, were 15 times as many.

Rev. V. L. Raphael used as theme for his sermon Sunday morning "Our Church—Tomorrow."

The Church of our Lord and Christ is primarily a spiritual institution. In order to carry out the commission of our Saviour it is necessary to have an organization. To engage in its work calls for the materials of life represented by money and whatever has value. To establish the kingdom of God in the heart of men, everywhere is always essentially a spiritual task. It is only by the guidance of the Spirit of God that the gospel is preached and man is saved. As we think today about this Church in terms of tomorrow, let us be conscious of our dependence on the Master to lead us in our service for Him. I cherish for our Church of the future a deeper spiritual life. To accomplish this is an eternal piece of work. Every age group must enter into its fulfillment. The religious consciousness goes back so far in the human life and it flows so deeply that the development of the spiritual life must begin before the babe is born into the world. Parents must be ready when God puts a little life into their keeping to at once begin to nurture their child in the faith and love of God. Such a religious start in life will steer the youth through his critical years and ensure a strong Christian manhood and womanhood. I am jealous for this Church and her membership lest they pursue mere things and neglect cultivation of Christian character.

That which will enrich life most is interest in others' religious welfare. This Church ought to be an increasing evangelistic force seeking the many in this city and its environs who are not followers of Christ. They should be gathered in from all walks of life because the Church offers a common meeting place for all mankind. Having won souls to our Saviour we have the rare privilege of encouraging and building them up in the faith.

One of the great joys that comes from being a Christian is the fact that we are members of a going-concern that has been doing business under the Banner of Christ for nearly 2,000 years and is constantly growing.

Those who are associated together in this Church should take courage at this momentous fact and push on to greater victories in the local Church and abroad. The services of worship on Sunday and the Thursday evening hour of meditation are of untold value in adding to one's store of religious foundation. I covet for our Church a larger percentage of regular attendance upon these occasions. Nothing can take their place in our lives even as this was true in our Master's experience. Worship in public stimulates worship in private which will mean that we will set apart time for study of God's Word and prayer with Him.

I am anxious that every member of this Church will be an interested citizen in the city, supporting moral issues and above all be law-abiding. Naturally the Church member ought to be the better citizen.

FORMER MARION GIRL WOULD TRY OCEAN HOP

MARION, Ind., Jan. 23.—(INS)—Mrs. Genevieve Mack, a former resident of this city, has proposed to the local Chamber of Commerce that the city of Marion finance a trans-Atlantic flight for her in an airplane to be called, "The Spirit of Marion."

Stating that \$35,000 will be required for the flight, Mrs. Mack proposed to attempt the hazardous journey as an advertisement for the city.

ARREST 256 GAMBLERS IN RECORD VICE DRIVE

INDIANAPOLIS, Jan. 23.—(INS)—In a war on gambling local police arrested 130 alleged gamblers for what is believed to be a record week end vice drive.

Total arrests of 256 persons from Saturday night until Monday morning is also said to be a near record and Monday morning police records are expected to be jammed.

MAKE NON-STOP FLIGHT FROM CHICAGO TO TAMPA

TAMPA, Fla., Jan. 23.—(INS)—Eddie Stinson, Arnold S. Kirely and Bern Way, who completed a non-stop flight from Chicago to Tampa on Saturday in seven hours and fifty-five minutes, a new record in non-stop flights to Florida, planned today to make a return flight to Chicago in their Stinson-Detroit plane.

Kirely, a Chicago capitalist with large interests here, has arranged to have the plane make regular trips between Chicago and Tampa, making a round trip each week. The new airplane, built in Detroit specially for Kirely, will take off from Chicago one morning each week for Tampa and return to Chicago the next day. The landing here will be made at the new Tampa airport which is now under construction.

LOCAL LEGION POST HAS DISTRICT COMMITTEE MEET

The American Legion Fifth District Executive Committee had its initial meeting of the year Sunday afternoon at the local Legion Hall. This was the first meeting under the leadership of the new District Committeeman, Lynn Kidd of Brazil and proved an exceedingly successful meeting. A round table discussion of membership problems brought forth many valuable suggestions, especially from the Brazil, Clinton, Danville, Rockville and Terre Haute posts. Every one of the posts is a strong power in its community and puts its programs across by the sheer weight of its membership. Comrade Weisner of the Danville Post showed how that post exerts an influence in every good movement in Danville. The Terre Haute Post was warmly congratulated by the gathering for its initiating a movement for an All Air Port in Terre Haute.

The condition of the Greencastle Post was discussed—its comfortable meeting hall, the beautiful monument sponsored by the Gold Star Memorial Association, the need of the Greencastle for a more flourishing post.

The next meeting will be held at Terre Haute, when ex-Congressman Fred Landes will address a great patriotic meeting.

FIRE DAMAGES INTERIOR OF RESTAURANT

The interior of the Vandalia Restaurant was badly damaged by fire Sunday morning about 10:30 o'clock. Earl Hurst, proprietor, started to fill the gasoline tank on the coffee urn. He did not notice that it was lighted and when the tank ran over, the gasoline ignited and the flames spread rapidly to other parts of the room. The fire department was called, but by the time they arrived, William Parish had extinguished part of the flames. Firemen completed the job with chemicals. Some of the fixtures and grocery stock were damaged. According to Fire Chief John Goddard, the loss will amount to about \$100, which is covered by insurance.

TAX MARK IN PUTNAM COUNTY IS BOOSTED

Tabulations of expected tax revenues in 1928 in sixty-three of the ninety-two counties of Indiana indicate an increase of about 6 per cent over 1927. The collections this year are based on assessments and levies made last year.

The total to be collected in the sixty-three counties will be \$73,227,629, against \$68,874,892 in 1927, an increase of \$4,352,737 or 6.32 per cent. The unreported counties, including Marion and Lake are expected to reduce the percentage slightly.

Salary increases and other authorization of special expenditures by the last Legislature are one of the causes of the increase. Higher salaries for Judges in certain counties, the creation of new judicial circuits, a higher salary scale in second class more pay for deputy county officials in parts of the state and the establishment of holding corporations to enable localities to undertake indirectly what the constitutional debt

limit forbids directly, account for some of the increase.

At the same time a reduction of \$201,000,000 in farm assessment was ordered last year under a law passed in 1927 and in some counties depending largely on farm taxables there was no reduction of levy to offset the reduced assessment. The benefits of lower farm assessment will be more than absorbed by increased levy in some counties, it is believed.

Under the table showing expected revenue in 1928 Putnam County taxpayers will pay an increase of \$85,555 in 1928 over 1927. Taxes collected this year total \$905,689 while \$991,224 will be collected in 1928, making an increase of 9.44 percent.

COATESVILLE BANK CASHIER IS FOUND

Edward C. McVay, 56, former cashier of the Coatesville State Bank, who was reported missing to Indianapolis police last week, was found at the rooms of a son in Indianapolis, according to information received here Monday. A son works in Indianapolis and when he returned home found his father waiting for him at his rooms. Mr. McVay was reported missing by a brother in Indianapolis. Because friends thought Mr. McVay was worried over the recent merger of the Coatesville State Bank with the First National Bank of Coatesville they were quite alarmed when he was reported missing.

FARMER OF WARREN TWP. DIES IN OHIO

The death of W. W. Glover, a prominent citizen and farmer of Warren township, occurred Sunday at the home of his daughter, Mrs. P. H. Farrow, at Dayton, O., where he had gone to several weeks ago to spend the winter. He was 76 years old and death was caused by paralysis.

He leaves the widow and four children, Mrs. Bertha Spear and Mrs. Farrow, of Dayton, O.; William, of St. Louis and C. W. of Warren township.

The body will be brought here on Tuesday over the Pennsylvania railroad, arriving at 12:29 o'clock and will be taken to the McCurry Funeral Home where services will be held at 2 o'clock. Rev. J. E. Harmon of Cloverdale, will conduct the services. The interment will be in Forest Hill cemetery.

PASTOR OF LOCAL CHURCH SPEAKS ON "MINISTRY OF LOVE"

B. H. Bruner, pastor, spoke Sunday morning at the First Christian Church upon the subject of "A Ministry of Love." His sermon was based upon that evening scene in which the Master is pictured as feeding more than five thousand people with five loaves and two fish. Mr. Bruner pointed out the contrast between the attitude of Jesus and his disciples in the face of human need and a great emergency. "The disciples said themselves in the villages," Jesus said, "Send off the crowds to buy foods for said, 'they do not need to go away, give them food yourselves.' They protested, 'We have only five loaves with us and two fishes.' Jesus said, 'Bring them to me,' and he took what resources they had and blessed them, and the results were marvelous. The crowds ate and were full and there was more than enough left to take care of the needs of the disciples."

Mr. Bruner said there were two classes represented among these first disciples of Jesus—those who had compassion without faith, and those who were selfish and thinking only of themselves, and then asked the question "Is the contrast between Jesus and his disciples in those early days in the face of a great emergency so different from that of Jesus and His Church today? Are not these two classes with us yet? In the face of a hungry world and the greatest emergency the Church has ever faced we are saying with the disciples, 'Send off the crowds to have their hunger satisfied elsewhere.' Every year a great procession of aged disciples appeal for entrance to our Old People's Homes. But a big rich Church says, 'Send them off to the poor house, we have no money to enlarge our present homes or to build new ones. "Little children, through our homes, but the Church steeped in its selfishness and without any great faith says 'Send them off to some other home.' When an appeal is made for funds for our aged ministers, or for the needs of the mission fields, the Church says the same thing."

"Now notice the method of Jesus. What he really said to the disciples was, 'Bring what little resources you have to me and let me use them.' It was not a question of how much they had, but of a willingness to let Jesus use it to the best advantage. Here we find a fundamental principle which has been largely overlooked in our planning for the Kingdom. We have always said in the fact of some great need, 'We have no resources, we cannot do anything.' It is not a question of how much we have. It is a question

of our attitude toward what we do have. Is it ours, or are we simply holding it in trust for God? As disciples have we made a complete surrender to Jesus? When we accepted Him as Lord and Master did we do it with reservations? Did we say, 'Lord I believe that Thou art the Christ, the Son of the Living God and I accept Thee as my personal Saviour, but I reserve the right to do as I please with my life and my material possessions.' Now, that is not what any of us said, but that is what many of us have done. We have lived our own lives regardless of the claims of Christ upon them. We have bought the things which satisfied our own selfish desires with our money, and then doled out a small percent of what was left to meet the religious needs of the world. If the membership of the Churches of America would give only a small percent of their wealth to Jesus Christ, there would be no need for appeals from any pulpit, for the hungry multitude would be fed and there would be plenty left for every local Church."

GLEN SKELTON WILL BECOME H. S. TEACHER

Glen Skelton, principal of Reelsville high school, was named history teacher in Greencastle high school by the Greencastle Consolidated School Board Monday evening, to succeed Miss Floetta Goodwin, resigned.

Mr. Skelton will begin his new duties at the local high school at the beginning of the second semester Thursday morning. His acceptance of the position leaves a vacancy at Reelsville High School which will have to be filled.

Miss Goodwin recently submitted her resignation as local history teacher in order to accept another position in the Gary schools. She came to Greencastle after six years of teaching in the Cloverdale high school and was a popular teacher in the local high school.

Mr. Skelton, the new history teacher, is one of the best known instructors in the county. The local school board considers it extremely fortunate that it was able to secure Mr. Skelton as an instructor.

Mr. Skelton is well qualified for his work as history teacher. He was a history major and received his A. B. degree from Indiana State Normal college of Terre Haute. He has also done sixteen hours of graduate work above his A. B. degree. He has had twelve years teaching experience and comes to Greencastle highly recommended.

MASONS CONFER DEGREES ON SEVERAL LOCAL MEN

At the Masonic Temple Monday evening the Mark Masters degree was conferred on the following men: John Melville, Sanford Romine, Lester Sudraski, and Fred Snively. Then the lodge in the Past Masters degree was opened and the degree conferred on the same men also on Lawrence Wright, James Walker, Roy Hillis and Ward Mayhall. There will be work in the Master Masons Lodge Friday night.

WRIGHT BOYS HELD FOR THEFT IN OHIO TOWN

TROY, O., January 24.—John and Jacob Wright, brothers who pleaded guilty to a charge of theft here and are in jail awaiting action by a county grand jury are wanted by police of North Vernon, Ind., for the murder of a policeman.

Following receipts of a communication from the Indiana authorities, John Sharits, chief of police examined the boys and wired the Indiana officials that they tallied with identification pictures and marks sent here.

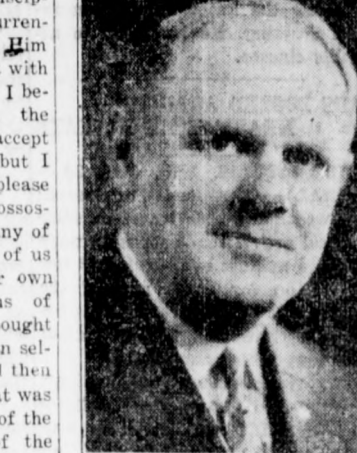

The Wrights were captured at Dayton, January 14, after a wild chase. They confessed the theft of several automobile tires and tubes here.

The Wright brothers are wanted at North Vernon, Ind., in connection with the slaying of Edward Fowler, policeman, who was fatally wounded September 20, 1926, dying the next day. He met two men on the street late at night and asked them where they were going. Without replying one man drew a revolver and shot Fowler. An abandoned automobile, found later, had been stolen from E. W. Trook, Indianapolis lawyer. North Vernon city council offered \$300 reward for the capture of the two men. The Wright brothers formerly lived at Nebraska, Ind. and Greencastle, Ind.

CHAMBERLIN TO MAKE TOUR WITH TINY PLANE

GARDEN CITY, N. Y., Jan. 23.—(INS)—Clarence D. Chamberlin today put the finishing touches on the Sperry Messenger, the 20-foot wing-spread plane in which he is to make a 30,000 mile tour of the United States. Chamberlin planned to take off from the concrete automobile roadway on Stewart avenue here at two o'clock this afternoon, and arrive in Allentown, Pa., an hour later.

DEMOCRATIC CANDIDATE

GEORGE E. HERSHMAN

George E. Hershman, of Crown Point, a leading lawyer of northern Indiana's industrial region, has announced his candidacy for Governor subject to the Democratic primary in May.

Mr. Hershman is one of northern Indiana's successful professional and business men.

He is known as one of the State's most able lawyers, and has practiced his profession for the past twenty-three years, three of which were at Rensselaer and the last twenty at Crown Point.

WOULD JOIN TWO WARD SCHOOLS IN NEW BUILDING

Discussion of the consolidation of the Second and Third Ward grade schools of Greencastle into the new Second Ward building to be built next summer, marked the regular meeting of the Greencastle Consolidated School Board Monday night.

Although nothing definite was agreed upon in the consolidation plan, further plans may be worked out before the building is started whereby the building will be located farther back on the Second Ward School lot in order to make room for a third Ward annex to be built later.

If sufficient funds become available it is planned to purchase additional ground to the rear of the Second Ward lot in order to build a Third Ward annex on this ground facing Bloomington street. The Third Ward annex would be built on the rear of the Second Ward school which will face Anderson street as originally planned but may be located farther back on the lot in order to permit the Third Ward annex to be built to it.

A committee composed of A. G. Brown and V. K. Newcomer, from the Second Ward and R. A. Ogg, L. E. Mitchell and Ben Riley from the Third Ward, discussed the consolidation plan at length with the school board.

Plans for a new Second Ward school building to be built this summer will go ahead as originally planned it was decided after the discussion. If sufficient funds become available, however before construction starts next summer for the Third Ward to buy additional ground in the rear, it is probable that the location will be moved farther back on the lot in order that the Third Ward annex may later be built on to the rear of the Second Ward building. Under this plan the Second Ward school would face Anderson street and the Third Ward annex would face Bloomington street.

The Third Ward or Martha Ridpath School is housed in the old high school building which many believe will soon become unsafe for school purposes.

SMALL CHILD DROWNS

BEDFORD, Ind., Jan. 23.—(INS)—Kelsie Loveall, 15, son of Mr. and Mrs. Zachariah Loveall, residents of Fayetteville, 8 miles west of here, was drowned late Sunday afternoon while skating on a pond on the Oris Kern farm.

LADOGA MAN IS VICTIM OF MONOXIDE GAS

LADOGA, Jan. 23.—William Brookshire, age 60, prominent Ladoga resident last night had been unconscious over ten hours as the result of inhaling monoxide gas fumes in a garage at the home of his daughter, Mrs. George Frantz, about noon, Sunday. His condition is serious although an attending physician expressed the belief last night that he would recover. Mr. Brookshire resides with his daughter, Mrs. George Frantz and her husband on east Taylor street. Mr. and Mrs. Frantz left home Sunday morning to attend church and upon their departure left the door of their garage open. When they returned from church at noon they found the garage door closed and upon opening it found Mr. Brookshire lying on his back on the floor. He was unconscious and the motor of his Ford coupe, upon which he had apparently been doing repair work was running.

A sparrow which had been impris-

oned in the garage had been stricken by the deadly gas and found dead on the floor.

The fact that Mr. Brookshire had fallen close to the garage door with his face near the crack below the door is believed to have been the only thing that prevented his death. The fresh air pouring through the crack from the outside counteracted to a degree effects of the monoxide gas.

Dr. E. O. Price, who was called to attend Mr. Brookshire said his patient displayed a slightly stronger heart action last Sunday night, although he was still unconscious.

Mr. Brookshire was formerly a farmer of this community, retiring from his farm a year ago. Since that time he has been associated with the Ashby Elevator and Grain Company here.

PICTURE BY BAILEY WINS UNUSUAL HONOR

"The Shepherdess," a photograph by Hillary G. Bailey, Greencastle photographer, appeared in "Photograms of the Year," a review of the best photographs that appeared during 1927 and edited and published by F. C. Mortimer of London. The photograph appeared in the albumen section of The Indianapolis Star last year. Mr. Mortimer is editor of several art magazines including "The Amateur Photographer and Cinematographer," "Dictionary of Photography," "Marine Photography," "Magnetism Light Photography" and "Photography for the Press." He selected sixty-one photographs from throughout Europe and America and twenty-two of those selected were from America. "The Shepherdess" was the only one selected from Indiana.

DEPAUW HEAD LAUDED BY ALUMNI GROUP

Support of the "dancing" policy of Dr. Lemuel H. Murlin, DePauw University president is voiced in a resolution adopted by the New York alumni of the Greencastle institution.

Dr. Murlin, who instituted a limited number of supervised dances at the Methodist school, after he was named president, was condemned by conservative Indiana ministers.

"Dr. Murlin has contributed signally to the breaking down of a long-standing animus against one specific type of social recreation thereby placing student relationships on a more rational, liberal and modern basis," states the resolution.

Dr. Murlin, who gave up the presidency of Boston University to accept the Indiana post has resigned effective in June and plans a trip abroad for benefit of his health.

The New York body also commended Dr. Murlin for "firmly supporting Dr. Walter E. Bundy, Bible teacher, whose continuance at DePauw unfortunately has become a public issue closely interlaced with dogma."

WIFE ATTACKER SENTENCED

NEWCASTLE, Ind., Jan. 23.—Lennie Waters, 25 years old was sentenced to the penal farm for six months and fined \$100 when he pleaded guilty to assault and battery in city court today. In addition he was fined \$100 for carrying concealed weapons. Waters was arrested Saturday afternoon after he had attempted to kill his wife by shooting at her twice and then beating her over the head with his gun.

FORMER DEPAUW STUDENT CENTER OF INVESTIGATION

INDIANAPOLIS, Jan. 20.—(INS)—Regardless of the statement by Prof. O. H. Williams, of DePauw University, that Miss Faye Green, a former student in the DePauw School of Music, was not entitled to an Indiana Teachers license, Fred S. Gladden, assistant in the office of the State Superintendent of Public Instruction, issued a teachers license to Miss Green and permitted her to accept a teaching position in Scott County, according to evidence today submitted to the State Board of Instruction, which is investigating the case.

A letter to Miss Green's father from Mr. Gladden stated that he was issuing the license, although Miss Green was not technically entitled to it, and admonished Mr. Green to say nothing of the facts regarding the matter.

Following a controversy regarding the qualifications of Miss Green to serve as a teacher, the young woman resigned and the attention of the board was called to the case.

WABASH WILLED \$75,000 ESTATE; CONTEST FILED

(Crawfordsville Journal)
Court procedure to stop the probating of the will and codicil of the late Stephen A. D. Mitchell of Montgomery county, in which nearly \$75,000 was left to Wabash college was begun Wednesday in the Montgomery circuit court.

Objections were filed by Ora Mitchell a nephew of the testator, who indicated that he would prove that the will was made under duress and that the testator was of unsound mind.

Stephen A. D. Mitchell died January 14, 1928, and left an estate valued at over \$75,000. It is estimated that he had personal property to the value of \$2,500 and real estate to the value of \$75,000.

In his will, which it is said was drawn up in 1925, he left bequests of \$1,000 each to the Methodist church of Colfax, the Christian church of Colfax and the Plainview cemetery of Colfax. The remainder of the estate was left to his wife, Columbia Anne Mitchell with the stipulation that at her death it was to go entirely to the trustees of Wabash college. A codicil to the will removed the item which pertained to the wife.

The will named Charles E. McCabe, Lafayette attorney and Elston Bank and Trust company of Crawfordsville as executors.

The objections filed stated that the deceased left as his only heirs-at-law eight nieces and nephews and two grand nieces and asked that the court stop probate of the will until the plaintiff could institute proper court action against the will.

No date was set for the arguments. Action to break the will must be placed on file by April 1.

PROF. RAYMOND PENCE IS GRANTED LEAVE

Professor Raymond Pence of the DePauw English department has been granted a six months leave of absence to take effect February 1. He is taking the leave in order to complete a text book on English Composition for college students. Prof. Pence has been connected with DePauw eleven years and in that time has built an English department from three to eleven teachers. He has written a number of text books in that time. Mechanics of Writing, which he wrote in 1920, is being used in DePauw as a text. His new book will probably be used in connection with the English department.

ELMER BLUE NAMED HIGHWAY ASSOC. OFFICER

LAFAYETTE, Ind., Jan. 20.—(INS)—The Indiana County Highway Superintendents' Association elected S. B. Mylin of Wabash as president; Elmer Blue, of Greencastle as vice-president and Fred Hubbell of Angola was re-elected secretary-treasurer.

GRADUATES WILL HEAR PRESIDENT HOMER P. RAINEY

President Homer P. Rainey of Franklin College has been obtained to deliver the commencement address at the first mid-year graduating exercises to be held at DePauw University, Tuesday, January 31. Nineteen DePauw students will receive their diplomas at the end of the first semester according to Dean Blanchard.

The graduating service will be held Jan. 31 during chapel and the customary academic procession, marked by caps and gowns, will take place. Mid-year graduating exercises will be instituted at DePauw to save mid-year graduates the expense of returning to the campus for the usual June exercises.

DEPAUW STUDENT HURT AT HOME IN SHELBY CO.

Edwin Prichard, a DePauw student,

suffered injuries to both legs Sunday at his home in Shelby County. He was changing a tire on his car and as he jerked the tire from the rim, the car fell from the jack and caught him just below the knees. Both legs required dressing. He is unable to attend his classes.

ROADS POSTED AGAINST HEAVY LOADS IN STATE

INDIANAPOLIS, Ind., Jan. 20.—(SPECIAL)—Continued unseasonal warm weather makes travel on some stone and gravel roads slavish; many are posted against over-loads and few even in the far north part of the state are free of these restrictions because the thaw has been prevalent throughout the commonwealth.

The state highway commission's bulletin issued today from the director's office said that these types necessarily are in an unstable condition at times and then improved shortly afterwards as they respond to maintenance with drag and scraper. Main tenance forces are dragging many roads daily and with load restrictions are keeping them in fair condition generally. It was pointed out by Director Williams that a section of road may be cut up at one time in the day and in a few hours afterwards present a smooth surface under the dragging treatment. Operators are chiefly concerned in working the water from the loose material.

Few major changes are noted in the bulletin this week other than lifting of several detours and run-arounds, chief of which were removal of run-around on Road 3 just south of Ft. Wayne, and a short detour in Kentland off U. S. 24. A bridge run-around was established between Covington and Veedersburg on Road 34.

SAPP MAY BE A CANDIDATE FOR GOVERNOR

HUNTINGTON, Ind., Jan. 20.—(INS)—While not ostensibly seeking the nomination reports are current that Arthur H. Sapp of this city is being mentioned by his friends as a candidate for the nomination for governor on the Republican ticket in the coming gubernatorial campaign.

Sapp is now head of the International Rotary and is well known among Indiana business men. His term as President of Rotary expires shortly which would leave him ample time to devote to the interests of a campaign.

Sapp is offered by his friends as a non-faction candidate and they point to the fact that he has never had any alignment with D. C. Stephenson of the Indiana Klan.

HIGH SCHOOL INSPECTOR IN THIS COUNTY NEXT WEEK

John Hussey, state High School inspector, will be in Putnam County Thursday and Friday of next week, and accompanied by John Vermillion county superintendent of schools, will inspect the high schools of the county.

BUILDING MUST NOT BE USED AFTER SEPTEMBER 1

Following an inspection of the Greencastle Public school buildings by an inspector representing the State Fire Marshal, the Second Ward School building, built in 1867, has been condemned, and additional fire escapes have been ordered installed on the Third Ward (Martha J. Ridpath) building.

Under the order of the State Fire Marshal the Second Ward building may be used during the remainder of this year but cannot be used after September 1, 1928 for school purposes unless extensive improvements are made.

Remodeling of the building in keeping with the order of the state department would necessitate the expenditure of a large amount of money and when completed, although it would comply with the order of the state official, the building still would be old and unsatisfactory.

Members of the city school board were informed several weeks ago that the building would be condemned and have been looking for the official order to be issued. Now that the order has been issued the board will immediately take up the matter of remodeling or rebuilding the school.

A new building, containing six recreation rooms and an assembly hall, has been proposed and it is probable that the board will agree on a rebuilding program. If the board agrees upon a rebuilding program, work would be started immediately after the end of school year, in order that the new building could be completed during the summer months and be ready for occupancy for the fall term.

The order issued the school board by the State Fire Marshal follows:

"To Greencastle Public Schools:

"This department, under the provisions of the State Fire Marshal law,

inspected the following described property, on December 14th, 1927; located on Anderson street, Greencastle, Indiana, comprising a two story brick school building, known as Second

Ward School Building.

"I find by the report of the inspection which is now on file in this office, that the lives of the occupants of the above described building are not properly protected from fire.

"So by virtue of the powers conferred upon me by the Acts of 1923, and the amendments thereto, you are hereby ordered to discontinue the use of this building for school assembly on or before September 1st, 1928."

A second order read:

"This department under the provisions of the State Fire Marshal Law inspected the following described property, on December 15th, 1927; located in Greencastle, Indiana, known as the Third Ward School Building, which is a two story brick school. This school is also known as the Martha Ridpath School.

"I find by the report of the inspection which is now on file in this office, that the lives of the occupants of the above described property are not properly protected from fire.

"So by virtue of the powers conferred upon me by the Acts of 1913, and the amendments thereto, you are hereby ordered, within 90 days from the date of service hereof, to

1. Install two standard fire escapes on building; locate on opposite sides of building to give the best means of escape from second floor."

Both orders also contained the following penalty notice for failure to comply with the order:

"For failure to comply with this order in the time required, you become liable to a fine of \$10 to \$50 for each day's neglect."

BUTLER DRUBS TIGERS BY 36-19 SCORE

INDIANAPOLIS, Jan. 20.—Never were the Bulldogs of Butler in danger last night at the Armory where the local collegians defeated the DePauw university quintet, 36 to 19. The Blue and White took an early lead and was on top, 19 to 8 at the rest period.

The Bulldogs displaying one of the tightest defenses this season, kept the Tigers at long range. Shots which the Methodists were able to obtain were hurried and wild. Mountz, lanky sophomore center for the visitors, got beneath the Blue basket late in the second half for three tip-in shots, the only points made within the foul circle.

The stellar defense of Coach Paul Hinkle's outfit found the Old Gold quintet firing at the Blue hoop but thirteen times in the first half. DePauw was held to one basket for the first fourteen minutes of play.

The Blue players snatched the advantage which they held throughout the scrap after two minutes of play, when Hildebrand, starting in place of Holz, who was injured during the week, slipped under the Tiger basket for 2 points. The Bulldogs, with Hildebrand and Chandler hitting, the former using his height for a tip-in shot, boosted the score to 6 to 2 before the visitors called for time. The Hinklemen, however, continued their slow-moving offense and piled the score to 19 to 6, before Mountz connected for 2 points as the gun ended the first half.

The second session opened with Hildebrand connecting for another close-in shot, after which Crawley and Mountz added two from the sides. With the count standing 21 to 12, Hildebrand fell to the floor injured as Mountz scored two. The sophomore pivot man was carried from the floor and later it was learned he had suffered a severely wrenched knee. Allen was sent in at the center post and added 7 points before being taken out in favor of Jackson.

The Bulldog defense continued despite frequent substitution by Coach Hinkle and the Tigers led by the all-around playing of Mountz and Capt. Messersmith, were able to count but five field goals in the last half.

The guarding of Messersmith and Marshall featured the Methodist attack while Mountz's offensive floor work kept up the spirit of the invaders. The Tigers appeared unable to solve the crafty passing attack which the Blue and White men offered and many times found the ball beneath their own basket before their defense would form.

Although connecting for but one field goal, Clarence Christopher played his usual guarding game and kept Crawley "his man," scorchless until late in the game. Hildebrand's under-the-basket work was one of the outstanding factors of the smooth working Bulldog defense.

FRANKLIN TOWNSHIP FARMERS INSTITUTE

The annual farmers' institute of Franklin Township held at Roachdale Hall, January 17, was well attended both at the morning and afternoon sessions.

The boys' chorus of the high school gave splendid selections after which Mrs. W. C. Roberts and Mr. King gave very interesting talks.

Dinner was served in the library basement.

The afternoon session was even more interesting than the morning. Both talks were very helpful and beneficial.

The following officers were elected for the coming year:

Chairman—Elza Page.
Vice Chairman—Will Hanna.
Secretary—Hazel Stewart.
Treasurer—Cora McFerran.
Maxine Batman, Charles Ronk and Helen Ashby gave very interesting readings and much appreciated by all.

The exhibits were good this year and there was quite a number of entries in each department which made a good display. From every standpoint the Institute was a success.

MRS. DWYER DIES LATE FRIDAY AT HER DAUGHTER'S HOME

The death of Mrs. Cornelia A.

Dwyer, age 91 years, mother of Mrs.

Roy Abrams, occurred at the home of

her daughter Friday evening at 5:45

o'clock after an extended illness. Mrs.

Dwyer had made her home with Mr.

and Mrs. Abrams for the past three

years. Besides Mrs. Abrams she is

survived by a son Schuyler C. Dwyer

of Hammond, Ind.

The body will be taken to Lowell,

Ind., her former home where she had

spent her entire life with the exception

of her recent residence here, over

the Monon railroad, and funeral ser-

vices and burial will be at Lowell

Sunday morning. Friends may view the body at the Abrams home on Poplar street Saturday evening.

COATESVILLE MAN IS MISSING; START SEARCH

INDIANAPOLIS, Jan. 20.—Edward C. McVay, 56 of Coatesville was reported to have come to Indianapolis and not to have returned home and his brother U. R. McVay 2527 College Avenue has asked police to find him.

Mr. McVay formerly was cashier of the Coatesville State Bank, which this week went into voluntary liquidation. The deposit liability of the State Bank has been assumed by the First National Bank of Coatesville, an older institution.

Mr. McVay was married and has two sons, both grown. It is said he owned a large farm west of Coatesville and was in good financial condition. No reason for his disappearance is known and friends are alarmed at his continued absence. It was said that he had served as cashier of the State Bank ever since its beginning at Coatesville.

BIG CHAIN STORE COMPANY LEASES BUSINESS ROOMS

J. P. Allen, proprietor of the Allen Bros. store and owner of the business rooms now occupied by the Allen Bros. Store and the room formerly occupied by the Coffman store, announced Saturday, that he had given a long time lease on his buildings to the J. C. Penney Co., chain department store organization and that the company would install a department store here.

Several months will be required to close up the Allen Bros. stock before the new store can be installed. The business rooms will be remodeled and many improvements made before the new store is installed.

The J. C. Penney store here will be the company's 886th store. The company has stores in Crawfordsville, Frankfort, and several other Indiana towns. Ralph Gwinn, a former DePauw student and son-in-law of Mr. and Mrs. U. V. O'Daniel of this city, is attorney for the J. C. Penney Co., with headquarters in New York.

SMALL CROWD ATTENDS FARMERS INSTITUTE

Small crowds attended the morning and afternoon sessions of the annual Farmers' Institute held in the Court House here Thursday. The speakers were F. G. King of Purdue University and Mrs. W. C. Roberts of Heltonville, who presented their subjects in a splendid way. Music was furnished by local high school students. It was said that enough Institute members from Greencastle, Warren and Madison townships, signed up to guarantee another institute next year.

FAVOR BUILDING ENTIRE CHURCH AT EARLY DATE

The following was the action taken by the joint meeting of the executive committee of the University, The Commission from the Area Council and the committee from the Greencastle Church at the Columbia Club in Indianapolis on Thursday evening.

RESOLVED:—

1. That it is the strong conviction of those present at this meeting that the entire church should be built at the earliest date practicable.

2. That, in order to insure this end, it is necessary that all the factors interested should come to definite agreements both as to plans of campaign and as to the later uses of the educational unit.

3. That we suggest that a joint committee be appointed to be composed of three members of the Board of Trustees of DePauw University, three members appointed by the Quarterly Conference of the local church; and three members appointed by the President of the Area Council, and that this committee of nine be requested to prepare a plan of campaign and to secure if possible explicit understandings as to the forms of mutual support, both as to the building and as to later current expenses.

4. That those here present pledge themselves to cooperation in the plans and agreements so adopted and will endeavor to assist in all possible ways.

PRINCIPALS GIVE PENCIL TO SKELTON

NEW TEACHER IN CITY SCHOOLS GIVEN PRESENT BY SCHOOL OFFICIALS WHO REGRET HIS LEAVING COUNTY SCHOOLS

Glen Skelton, former principal of Reelsville high school, who today became a teacher of history in the Greencastle high school, has been presented with a gold pencil by high school principals of Putnam County as a mark of appreciation for his splendid record while principal at Reelsville.

The County principals in presenting the token wished Mr. Skelton success in his new position and expressed their regret that he was leaving the county schools.

Mr. Skelton has been connected with the Reelsville schools for the past twelve years and for four years has served as principal. He has been unusually successful in school work.

Mr. Skelton's successor at Reelsville was to be named Thursday by Trustee Ed Chew. It was said that Frank Jarrell, athletic director and for the past three years teacher of history and English at Reelsville, was in line for the position, provided he could fill the requirement's for a principal's license. Another candidate was Glendon Rightwell of Washington township, a teacher of experience.

The prayer meeting at the Presbyterian Church will be held this evening at 7:30 o'clock.

Mr. and Mrs. Earl Evans, Greencastle R. 6, are the parents of a daughter, born Thursday morning.

James Birt, north Madison street, an employee of the Barnaby Saw Mill, is in Somerset, Ky., called by the critical illness of his mother.

Elijah McDonald, north Madison St. is confined to his home by illness.

THE THEATERS

THE GRANADA

Pola Negri, in a role superbly suited to her exotic temperament, is due to win many plaudits through her finished performance in "The Woman On Trial."

The Paramount production opened today at the Granada Theatre and will remain for a run of two days.

She appears as the modern woman of fashion in Paris wedded to a rich husband whom she does not love. A dual theme is carried out, one indicating the star's unquenchable love for an artist, sick and in poverty; the other bearing on love for her child and the extremity—even to murder—to which a woman will go of her child is taken from her through trickery and force.

While the picture is one of essential drama in the romantic scale, the fashion element will also interest many women. Miss Negri appears in the latest and most lavish gowns and fairly scintillates with gorgeous gems.

Commendable work is done by Einar Hanson, leading man; Arnold Kent, suave Parisian with a touch of villainy, and Andre Sarti who portrays the husband. In fact, the acting throughout is of a smooth, polished sort that is a relief to the critical-minded.

Continuation A

Mr. Williams of Weber Milk Co., of Indianapolis states if the County Council and the Board of Commissioners make an appropriation of \$3,500.00 to test all cattle in Putnam County his company will establish milk routes covering Putnam County taking at least six tons of milk a day, if it can be secured, and other milk companies are equally as anxious. This would return to the farmers a conservative estimate of \$200,000 a year. If this appropriation is not made the Health Board of Indianapolis will put a ban on milk coming from Putnam County which will handicap the farmers market.

The Farmers are more and more raising protein feed by increasing acreage of soy beans and clover and alfalfa for hay and find this practice quite profitable.

MISS BARNUM TO GO ON A CONCERT TOUR

Miss Harriet Barnum, daughter of Prof. and Mrs. Howard J. Barnum, and one of Greencastle's most talented young musicians, will leave early in June for an extended concert tour. She goes as a member of "The Melody Mads," a concert organization under the management of the Paramount Artists Service.

Miss Esther Kennedy, contralto and pianist, Miss Grace Raymond, soprano and Miss Barnum, violinist, soprano and pianist will make up the organization. Each is a musician of exceptional ability. An itinerary, covering eastern and southern states has been arranged for their work.

As a student in DePauw and a resident of Greencastle, Miss Barnum has established herself as a musician of rare ability and her many friends and admirers are pleased to learn of her connection with so high class and outstanding concert company. Miss Barnum is this year completing her Junior year in the University.

PROF. O. H. WILLIAMS TALKS ABOUT INDIANA

Prof. O. H. Williams, of DePauw University, spoke on "Indiana, A Spiritual," at the weekly luncheon of the Kiwanis Club Thursday noon. Professor Williams has delivered this same address in many parts of the state since he prepared it for an address some time ago. The talk pointed out the leadership and advantages of Indiana. The talk was highly interesting and instructive to the members. The address was the principal feature of the meeting.

LIVESTOCK

INDIANAPOLIS, Ind., Jan. 25.—The hog market today was steady to 15 cents lower with bulk classes from 170 to 225 pounds bringing \$8.25 to \$8.35. A few selective lights brought \$8.45. Butcher classes from 275 to 325 pounds were generally \$8.00 to \$8.25.

The cattle market was active and strong with spots higher. Beef steers sold mostly from \$11.25 to \$13.50. Vealers were active and 50 cents or more higher. The early market was mostly \$16.50 down with a top of \$17.00.

Lambs were active and generally 25 cents higher. Two loads western lambs brought \$14.25. Native lambs were selling from \$14.00 down.

Both local quintets are primed for action and expect to turn in a double win over their net opponents.

BIG FOUR TRAIN IN RECORD RUN TO CLEVELAND

PASSES THROUGH GREENCASTLE WEDNESDAY AT SPEED OF 75 MILES PER HOUR—MAKES 535 MILES IN 489 MINUTE

CLEVELAND, O., Jan. 25.—Railroad speed records went to smash tonight when a Big Four special, racing against time, covered the 535 miles from St. Louis, Mo., to Cleveland in 489 minutes, coasting into the union station only five minutes behind the Southwestern Limited which had left the Missouri city two and a half hours ahead of it. The Southwestern Limited is rated as the fastest train over any equal stretch in the entire country.

The special was carrying A. C. Harris, vice president of the New York Central railroad, toward New York to attend the funeral of Ira Place, another vice president and head of the road's legal department, who died yesterday.

AVERAGES 75 MILES AN HOUR

Local railroad officials watched with interest yesterday the special Big Four train carrying Mr. Harris in its race to arrive in Cleveland in time to have Mr. Harris's car coupled to the Southwestern Limited. The special covered the 252 miles from St. Louis to Indianapolis in 3 hours and 59 minutes. The limited was 5 hours and 2 minutes traveling the distance. Between the outer terminals of St. Louis and Indianapolis the average speed of the special was seventy-five miles an hour. The distance between Terre Haute and Indianapolis, seventy-two miles, was made in 61 minutes.

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the Creditors, Heirs and Legatees of Wesley W. Wildman, deceased, to appear in the Putnam Circuit Court, held at Greencastle, Indiana, on the 14 day of February, 1928, and show cause, if any, why the FINAL SETTLEMENT ACCOUNTS with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 23rd day of January, 1928.

FERD LUCAS, Clerk Putnam Circuit Court.

Hays & Murphy, Attorneys.

St. Jan. 23, Feb. 2-9.

Mr. and Mrs. Milo West, south of town, have received word of the death of Mrs. Henry West, at her home in Amo, Wednesday night. She is a sister-in-law of Mr. West. The funeral will be at 1 o'clock Friday afternoon at the residence in Amo, with the burial in Stilesville cemetery.

HARDWOOD HITS

By LeRoy Bee

A full week end of basketball is promised Putnam County and Greencastle basketball fans.

Friday night the Tiger Cubs of Greencastle meet the Lions of Rushville in the feature scrap of the evening. No less exciting will be the Junior game between the Greencastle and Plainfield young sters.

The death of Mrs. W. E. Bausman's parents will not stop the local game Friday night. The funeral will be held at Dayton Friday afternoon at 1 o'clock and Coach Bausman will be back late Friday to direct his Cubs in their tilt with the Rushville five.

After seven straight defeats the Cubs are expected to reverse the losing streak tomorrow night and turn in a victory as a means of varying the recent consistent result of their games.

Saturday night the Cubs go to Indianapolis to play Manual. As Indianapolis basketball teams never win games the Greencastle boys are expected to take this tilt. The local Juniors will go along to play Manual Juniors.

Saturday morning Putnam County high school teams, pardon us, eight Putnam County teams, will engage in the annual county basketball tournament. The event will be held on the Greencastle floor thus giving all quintets the benefit of a neutral floor.

Pairings of the eight teams entered was fortunate for basketball fans. Teams playing in the preliminaries are all evenly matched and thus will give followers of the sport their moneys worth in each and every game.

Winner of the County tournament will be given a cash award with which to buy a suitable trophy, probably a cup or flag. After expenses are deducted the remainder of the gate receipts will be divided equally between

DELIGHTFUL MUSICAL HELD AT MRS. O. H. SMITH

At the regular meeting of the Greencastle Morning Musicales, held January 25 at the home of Mrs. O. H. Smith, Miss Virginia Harlow discussed the modern music and composers of Scotland, Ireland and Wales. In all three countries, she pointed out, there are two divergent lines of modern musical thought—the revival of interest in the rich legacy of folk tunes, and an increased activity in the production of original compositions, some of which while based upon the old music, make use of the new harmonic principles. As illustration of the work of the various composers mentioned by Miss Harlow, several selections were given by various members of the club.

MISS PHOEBE CONLEY TO TEACH IN INDIANAPOLIS

Miss Phoebe Conley, a niece of Mr. and Mrs. C. C. Hurst of this city and a graduate of DePauw University, was named to teach in the Washington High School, in Indianapolis, Bert Knight

the eight competing teams.

Indications that they take basketball seriously in Indiana is shown by the following I. N. S. dispatch: INDIANAPOLIS, Jan. 25.—(INS)—Mrs. Fern Smith, 17-year old bride of a month was in the City Hospital today making a gallant fight to retain the life she tried to destroy with poison on last night. Mrs. Smith swallowed poison when her husband, George Smith, refused to take her to a basketball game according to police.

Smith is captain of the Gibson Supply Company's team which started a game last night with a Beech Grove quintet. The game wasn't finished because Smith raced for the hospital as soon as he learned of his bride's act.

"If you get well, honey," he cried at her bedside, "I'll take you along every time we play in the future."

They take their basketball seriously in Indiana.

Evidently Rushville has not been so successful this season basing our opinion of the following poem from the Rushville Republican:

Sittin' in the bleachers

Gazin' at the ball

Cussin' coach and teachers

Like we had no sense at all.

Cussin' every Lion

Fummin' and a frettin',

Say they ain't atryin'

And deserve what they are gettin'.

Kickin' on the umpire

And the way he does:

Thinkin' he's a liar,

Think he always wuz.

Bawlin' out the referee

For the way he acts

'Cause it looked to you and me

He didn't know his facts.

Like a bunch of sheep

Wadin' up a stream;

Hate to lose the sleep

Watchin' such a team.

Still we know it's funny

And it's hard to place the blame,

And we keep on spendin' money

'Cause we hate to miss a game.

Friends of Alva Smith, of Fillmore, surprised him on his birthday anniversary January 22 by a surprise dinner at his home. Those present were: Mr. and Mrs. Wm. J. Smith, Mrs. Cleo Shuck and sons, Miss Evelyn Miller, Mr. and Mrs. Charles F. Smith and daughters and Miss Avaril Smith, all of Fillmore; Mrs. Lucy Bales, of Indianapolis and Mr. and Mrs. F. H. Smith of Muncie, Ind.

ANNOUNCES CANDIDACY

NEW ALBANY, Ind., Jan. 26.—(INS)—Evan B. Stotsenburg, of New Albany, former attorney general of Indiana, today announced his candidacy for the Democratic nomination for Congressman from the Third district.

DEMOCRAT'S DOVE OF PEACE FLIES

Religious issue, brought up on floor of Congress, again threatens to split the Democratic party into two factions. Left is shown Senator Joseph T. Robinson of Arkansas, whose bitter clash with Senator James Thomas Heflin of Alabama (right), resulted in party caucus which repudiated Heflin's fiery statements.

Dr. Taylor Discusses Plans For New Church

The Woman's League of the Methodist Church met in the church parlors Wednesday afternoon and a fine program was held. The treasurer gave a very gratifying report. Two new committees were appointed, Mrs. F. L. Busenburg, Mrs. Ernest Browning and Mrs. Charles McWethy as members of the flower committee, and Mrs. Harold Zink, Mrs. C. H. Taylor and Mrs. R. G. McCutchan as charity committee.

Dr. C. H. Taylor was present and discussed the plans and specifications for the new church.

During the program Mrs. Little held a memorial service for the four members who have passed away during the past year, Mrs. Nancy Hill, Mrs. O. F. Overstreet, Miss Libby Crouch and Mrs. Isaac Hammond. A delightful solo was rendered by Miss Weeder of the University and Mrs. W. W. Tucker gave a wonderful review of the book, "Brother Saul."

At the close of the meeting tea was served by both the out-going and incoming officers.

FIRE DAMAGES HOME OF PROF. FRANÇOIS C. TILDEN

A fire in the attic which was not discovered until it broke through the roof damaged the home of Prof. and Mrs. F. C. Tilden, at 607 Anderson street, shortly before noon Thursday. The fire broke through in several places. Some damage was done to the walls and furnishings on the second floor of the residence by water. Fire Chief John Goddard indicated that he thought the fire started from a defective flue.

HUBERT SHERMAN TAKES DOWNTOWN BUSINESS ROOM

Hubert Sherman, proprietor of the Greencastle Hatchery, and an experienced poultry and hatcheryman, has leased the room at Indiana and Walnut streets, formerly occupied by the Vancleave Meat Market, and will use the room to market young chicks and other poultry products. Mr. Sherman occupied the room Thursday.

COMING SATURDAY "DEAD MAN'S CURVE"

HEALTH TROUBLES VANISHED SINCE HE GOT KONJOLA

Tells How New Medicine Ended His Neuritis Suffering

MR. J. W. BRANDT

"I suffered with neuritis about six years and never thought I would find a medicine to help me, but Konjola ended every ache and pain that I had, and is a pleasure to endorse this new remedy to everybody," said Mr. J. W. Brandt, Onward, Ind. (near Peru.)

"This neuritis had centered in my arms, shoulders and neck. The pains kept getting worse in recent years and I began to suffer almost constantly. Even the weight of a coat on my shoulders would drive me to torture. The pains were terrible and many times I was willing to give anything for a minute's relief. Besides this neuritis, I had intestinal trouble and constipation.

"I gave Konjola a trial and the first thing I noticed with that I could sleep and eat better after the first few days and in a little while the neuritis pains were gone entirely. I also cleared up my stomach and regulated my bowels. Konjola is a remarkable medicine and deserves all the praise it is getting.

Konjola is sold in Greencastle at Owl drug store and by all the best druggists in all towns throughout this section.—Adv
